Houses of the Month - Past Edition

Drawing upon the success of our last online event, **'European Heritage Weeks – Facebook Live Visits'**, we are ready to show more of our great European private heritage.

We have thus decided to combine our previous initiative – **'the House of the Month'** – and the current trend for **online events**. Representing **+50.000 private historic houses**, EHH will introduce some of its treasures from all over Europe. 'Houses of the Month' is an invitation to take part in a new journey through the cultural heritage premises.

In the last edition, the four themes that we chose were:

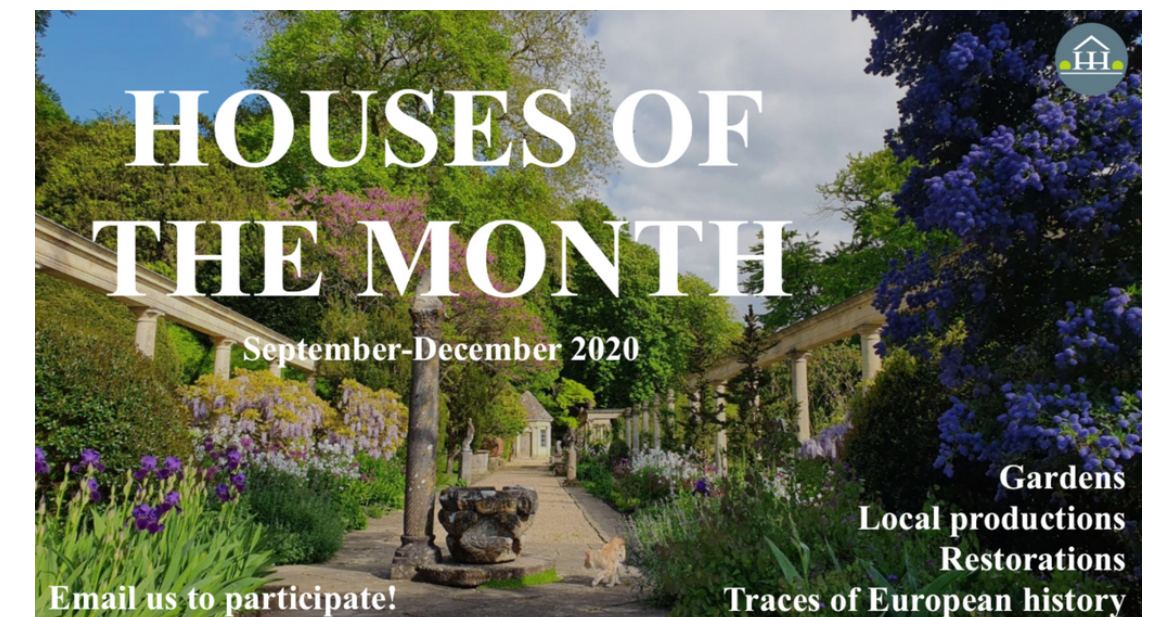

- **Gardens**
- **Local Productions**
- **Restoration Works**
- **Traces of European History**

The Houses of the Month that have been chosen came from many different countries such as Italy, Spain, Ireland, UK, Belgium, Austria, Portugal, and Switzerland. In addition, given the success of the project, we have extended the project until March 2021. The initiative on **YouTube** and on **Facebook** reached almost **11,000!** Houses of the Month represents a valuable opportunity for private owners to open their houses to the public in these difficult times of travel restrictions.

By participating in the project, private owners can actively contribute to the promotion and enhancement of the European private cultural heritage, which is the primary objective of EHH.

Statistically, our marvelous historic gems—witnessed by the lenses of cameras—were visited up to **90,000 times**. We introduced our private historic houses, addressing one specific theme each month, through the broadcasting of **15-minute long videos**.

With this project, we want to offer our audience more than a guided tour. We want to spotlight the passion, talent, courage, and hard work of our owners, as well as the importance of such buildings in our common History.

Houses of the Month - Past Edition

Château de Bois-Seigneur-Isaac

Finca Fitor

The House in Leiria

Villa of the Guevara di Bovino Dukes

Palazzo Mondo

Sommerhaus de Vigier

New Edition - Houses of the Month 2.0

This year, from September to December, we will introduce our private historic houses under the theme of **architectural periods**. The three themes are as follow:

Medieval Architecture

5th-14th centuries

Renaissance, Baroque Architecture

15th-17th centuries

Rococo, Neoclassic and Modern Architecture

18th-20th centuries

Guidelines

Make a **short (max 15 min) video**, focusing on the aspects of it that you deem more noteworthy. Example: peculiar historical facts/anecdotes, restoration projects carried out or planned, events organisation, B&B or similar activities, agricultural/viticultural activities. Check the Youtube playlist [here](#)!

The video does not have to be anything professional and it can also be recorded by a smartphone. The important thing is that there is always **a framed person (preferably the owner of the house)** who speaks clear and loud while presenting the house. The video should be recorded in **English or at least subtitled in English**. It will be broadcasted on our Social Media Pages, i.e. Facebook, Twitter, and Instagram.

Send us some beautiful **pictures** to share them on our website.

Write a short **description** of your historic house, including what you want to highlight most.

Enjoy the new edition of Houses of the Month!
